01// SUMMARY

Building systems that run without you

Technical virtual assistant and automation specialist with nearly nine years of remote experience helping agencies and service businesses streamline operations through CRM automation, systems integration and workflow optimization. Experienced in GoHighLevel, job-management software integrations, technical support, lead generation and business process improvement.

02// EXPERIENCE

Current Role

Technical Virtual Assistant / Automation Specialist

Service Core · Australia · Freelance · 2024 — 2026

LANA Software · Australia · Freelance · 2021 — 2024

// CAREER HIGHLIGHT

350+ agency users supported for one agency, while concurrently delivering automation and technical solutions for additional freelance clients.

- Designed advanced GoHighLevel automation systems and customer journeys.
- Integrated GoHighLevel with ServiceM8, ServiceTitan, simPRO and AroFlo.
- Built scalable automation ecosystems for agencies.
- Diagnosed workflow, API and integration issues.
- Built quote follow-up and invoice reminder automations.
- Created review generation and reputation management workflows.
- Developed lead nurturing, reminders, sales follow-ups and internal notifications.
- Worked with agency owners to improve operational efficiency.

Plumbing · Electrical · HVAC · Gas & Heating · Stone Fabrication · Mental Wellness · Home Services · Trade Services

03// SELECTED WORK

Featured Project

→ GHL & Job Management Software Integration

ServiceM8 · simPRO · ServiceTitan · AroFlo

Quote follow-up automation

Increased quote acceptance rates by automatically following up on sent quotes, removing the need to chase leads manually.

Invoice reminder automation

Eliminated manual invoice follow-ups.

Review generation automation

Automated review requests while filtering out unhappy customers, so only positive reviews reach public review pages.

Customer journey automation

Gave tradie business owners a more sophisticated, end-to-end system for guiding customers through their journey.

04// EARLIER ROLES

Previous Experience

Lead Generation & CRM Automation
2017 — 2021

B2B prospecting, outreach campaigns, CRM management, Zapier workflows, Facebook Ads and KPI reporting.

Recruitment & Operations
2013 — 2021

Technical recruitment, onboarding, payroll, administration, property management and bookkeeping.

Microsoft
2015 — 2017

Tier 2 Technical Support, Customer Service Representative and Product Ready Trainer.
